**University of the Aftermarket Foundation  
Funds 131 Scholarship Awards for 2014-2015 Academic Year**

**RESEARCH TRIANGLE PARK, N.C.** – Thanks to the generous support of the University of the Aftermarket Foundation, 131 students pursuing automotive aftermarket careers will receive scholarships for the 2014-2015 academic year.

“Whether seeking educations at two year and four year institutions, all of these students represent the future of the automotive aftermarket,” said Rusty Bishop, chief executive officer of Federated Auto Parts Distributors and chairman of the University of the Aftermarket Foundation. “The University of the Aftermarket Foundation is proud to support these worthy recipients in the pursuit of their aftermarket careers.”

The scholarship winners will receive a \$1,000 scholarship to advance their education, either at two-year vocational / technical colleges or four-year colleges and universities. All of these students are either attending or entering vocational programs to become mechanical, collision, or heavy duty repair professionals, or are in a business or engineering major that will lead to a career in the automotive aftermarket. This year’s recipients are:

- Sandra Albarran Santos, Phoenix, Ariz.
